Dear Blue Creek Members and Friends,

Have you been to the range lately. There have been some great improvements.

There is a new awning installed over the rifle and pistol ranges. It sure makes it nice to get out of the hot sun.

A kiosk has been installed as member's drive into the entrance. Be sure to sign in upon entering facilities.

New RINEHART 3D targets were placed out on the archery course for Father's Day weekend. They are amazing lifelike targets. We hope you had a chance to give them a try. If you missed it, check our web site for future dates that these targets will be available.

Tell us how you liked them.

The Five Stand is up and running at the Clay Venue.

Future plans call for the building of a club house.

Regular Tuesday Shooting

The Sporting Clay Course is open for regular shooting on Tuesday nights starting about 4:30pm. Due to our clinics beginning on July 6th the 5-Stand will not be open if instruction is scheduled. However, on those nights with no instruction, you may also use the 5-Stand. There is currently about a half-dozen shooters regularly shooting on Tuesday nights on the sporting clays course, so come on out and enjoy these nice summer evenings.

Having shooter access to facilities on regular days at regular times makes it easier for members to enjoy the fun. It is a good time to show up to shoot with others that helps with improvement, makes friends, and is great fun. There are often more advanced shooters present that are happy to help newer shooters as well as newer shooters that can pass along what they are learning. For more information call **406.670.1183** or email info@bluecreeksport.com requesting a return call. Everyone of any ability level is invited!

The only associated cost is your ammo and targets you shoot.

Call or e-mail for more information.

Wayne is an affable and patient instructor that gives clinics year round all over the United States, and the United Kingdom as well. He is highly sought after and securing time from him for an instructional clinic at a new club is a rare opportunity indeed. As a skeet instructor he focuses on those aspects of the game. He has won over 40 NSSA (National Skeet Shooting Association) World championships from 1973 through 2009. He has a long ambassadorial history of promoting the game and holding instructional skeet clinics. This includes beginners to advanced shooters that have effectively competed at national and world events. Each day's clinic will hold 4 or 5 shooters. Each participant gets ample quality time for personalized 1:1 instruction with Wayne and watching others progress during instruction as well. Clinics are from 9 AM until 6 PM with a lunch break on Friday, Saturday, and Sunday (August 6-8th). Shooters routinely shoot 2 flats of shells (20 boxes), so bring 500 rounds if you attend and plan on shooting and learning a lot.
